

Energy Enhancer Testimonials

December 2017

Energy Enhancer – Clinically proven to increase energy and endurance. Read some of the wonderful Energy Enhancer testimonials:

"I have been using the Energy Enhancer Patches since they were first introduced. I was so thrilled with the new found strength and endurance they gave me, I became a distributor."

Robert M., Lifewave Distributor, USA

"Just like last year's event, I competed in the 2014 Alpine World Ski Championship in Götting – Hochkar wearing LifeWave patches, and once again experienced improved energy levels. Thanks to their efficiency, I won two Bronze medals and one Silver medal in the FIS Master Weltcup. I can confidently say that part of my success is due to the patches."

Uberto B., Alpine World Skier, Switzerland

"I have known of LifeWave since October 2009 during the Rome meeting with Mr. Schmidt. Since then I have begun to use the patches with optimal results on my energy and vitality levels and the recovery time in my training at the gym (I'm an instructor of martial arts). I have begun to share the results with other people with enthusiasm and perseverance."

Fabrizio C., LifeWave Distributor, Italy
