## SISEL Bar Soap

### MAKE IT SPA TIME, ANYTIME

**Our three luxurious natural bars clean, exfoliate, moisturize and protect your skin. These soaps are a great choice for you.**

For the ultimate Spa experience, only SISEL Bar Soap will do. Formulated with the mild base of palm oil, SISEL Bar Soap is unlike any you have ever tried. Lush, exotic ingredients moisturize, protect and offer great benefits that make this soap a true luxury. SISEL bar soap is a gift from nature.

Common bar soaps may leave the skin feeling dry, itchy and slightly red. SISEL's palm oil base provides excellent cleansing while rich butters from cupuacu, organic pumpkin, and matcha green tea, plus olive oil feed and soothe dry, mature and weather-beaten skin. SISEL Bar Soap not only keeps your skin beautiful and radiant, it also leaves it smooth and velvety to the touch.

A highly prized ingredient, matcha green tea butter, is an exotic addition to these amazing bars. If your skin care products do not contain the antioxidant qualities of this powerful botanical, you are missing a vital component to healthy skin care. Matcha green tea is a high, premium botanical from Japan, long used for beautifying purposes.

Each piece of SISEL Bar Soap is created for a specific purpose. Apricot seed powder gently exfoliates, removing dead, flaky patches, leaving your skin with a more even appearance. The second bar of soap is moisturizing, a nourishing bar that keeps skin looking refreshed and beautiful. The third bar cleans away excessive oils made by the body and environmental sediments that result from living in a polluted environment.

Mild, luxurious, rich and moisturizing, SISEL Bar Soap is the ultimate in pampering yourself. Ingredients that are more natural pamper the environment. Go ahead, you deserve it. Using SISEL Bar Soap as part of your spa experience will give your skin a healthy radiance.

Create the Ultimate  
Spa Experience...  
in your own home!
